

COMPREHENSIVE PLAN POLICIES

DRAFT – April 29, 2004

As amended by Smart Development Code Process⁴

DEVELOPMENT POLICIES

Goal 1: Citizen Involvement

Coburg City Planner (March 15 Notes):

~~Probably needs some discussion on citizen involvement in community: Council is discussing having a few committees such as historic, tree and park committee structure formally under planning commission: any suggestions welcome~~

Otak Comments:

- Consider a policy that states the importance of public involvement in the design review process. The policy would encourage pre-application neighborhood meetings for selected types of development, e.g. new construction for multi-family, commercial, and single-family projects in excess of dwellings or including lots smaller than square feet. This policy could be located in Goal 1 or Goal 10, Housing.

LCDC Goal: “To develop a citizen involvement program that insures the opportunity for citizens to be involved in all phases of the planning process.”

Coburg Objective: The Citizen Involvement Committee will help develop, maintain, and refine programs and procedures that promote and enhance citizen involvement in land use planning to assure compliance with Goal 1.

Policy 1: A Citizens Involvement Committee has been established and has been maintained; it consists of not more than seven (7) voting members. An open, ~~well-publicized~~well publicized process shall be used to recruit committee members. Efforts will be made to make the committee’s membership broadly representative of the spectrum of interests in the community related to land use.

Policy 2: The ~~C&C~~Citizens Involvement Committee shall review and recommend revisions, as necessary, to Coburg’s processes and procedures for giving notice and holding public hearings to ensure that citizens have adequate opportunity to effectively communicate with elected and appointed officials.

Policy 3: The ~~C&C~~Citizens Involvement Committee shall review and recommend revisions, if necessary, to the citizen involvement components for existing and proposed planning projects to ensure that citizens have adequate opportunity to be involved in all phases of the planning process.

Policy 4: Technical information used to make planning decisions shall be kept at City Hall and shall be made available for inspection by the public upon

COMPREHENSIVE PLAN POLICIES

DRAFT – April 29, 2004

~~As amended by Smart Development Code Process⁴~~

request. The ~~CIC~~Citizens Involvement Committee may review these materials and recommend revisions or additions, if necessary, to ensure that the information is presented in an understandable form.

Policy 5: All planning documents, records of decisions, maps, and related ordinances shall be kept at City Hall and shall be kept available for inspection by the public upon request during normal business hours.

Policy 6: The City shall provide a method of recording meeting minutes and shall provide basic resources to meet with the reasonable needs of the committee (e.g., mailings, copying, general office assistance).

Policy 7: Once adopted, this statement of policies shall be recognized as Coburg's Citizen Involvement Pan.

~~[Adopted A-131-I eff 03/18/97]~~

Policy 8: The city~~City~~ encourages pre-application neighborhood meetings for selected types of development, and may require them in the Coburg Zoning Ordinance.

Goal 3: Agricultural Lands

Coburg City Planner (March 15 Notes):

- ~~Needs more discussion on urban/rural interface regarding protection of agricultural uses and practices and ways to mitigate in regards to urban development at the fringe.~~
- ~~Discussion of interim zoning of new lands to be added to UGB until infrastructure is available~~
- ~~Discussion of protection of Ag lands within the city's "area of influence" (intergovernmental planning agreement regarding notice of land use applications)~~
- ~~Discussion of alternatives such as IGA regarding protection of agriculture lands and open space, especially between southern UGB and McKenzie River (stakeholder), but also other areas to east, north and west~~

Goal 2: Land Use

LCDC Goal: To establish a land use planning process and policy framework as a basis for all decision and actions related to use of land and to assure an adequate factual base for such decisions and actions.

Coburg Objective: To establish the Coburg Comprehensive Plan as the basis for preserving and enhancing the livability of Coburg.

Comprehensive Plan and Ordinance Update

Policy 1: The City of Coburg shall conduct a ~~major update~~ review of the comprehensive plan ~~Comprehensive Plan every five~~ two to seven ~~four years, or as required for Periodic Review deemed necessary by the Coburg City Council.~~

Policy 2: Changes to the Comprehensive Plan Map shall be consistent with the policies of the Comprehensive Plan, state law, and intergovernmental agreements.

Refinement Plans

Policy 3: The City may use Refinement Plans to refine the Comprehensive Plan and/or the zoning ordinance Coburg Zoning Ordinance in order to further implement the Comprehensive Plan policies. A Refinement Plan designates specific land use, transportation, and other elements through broad local participation. Refinement Plans may be developed in a single linear process, including neighborhood workshops, Planning Commission hearing(s), and the City Council adoption hearing(s).

Policy 4: Refinement Plans may be used as a tool for coordinating development in a specific area, such as a new neighborhood. Refinement Plans should implement coordinated development while integrating surrounding uses and transportation linkages.

Land Use Regulations

⁴Source: Coburg Comp Plan FINAL revised 1-04.doc Coburg Comprehensive Plan

Policy 5: Land development proposals shall be consistent with the Coburg Zoning Ordinance, Municipal Code, and all adopted standards and enforcement codes of the City of Coburg. The burden of proof with regard to consistency with the applicable standards and codes lies with the prospective developer.

Policy 6: It is important that land divisions do not preclude the development of the property or nearby property to planned urban densities. For that reason, land partitioning and subdivision will be controlled to the extent that there are options remaining for the future extension of public facilities and services.

Interpretation of Comprehensive Plan Map

;

Policy 7: Plan designations for land use categories are intended to guide zoning.

Policy 8: Proposed plan elements such as parks, roadways, schools, etc., are intended to be conceptual. Actual locations and quantities should be determined through the development process.

Comprehensive Plan Designations

Policy 9: **Traditional Residential** – The Traditional Residential designation is intended to guide development within historic and traditional neighborhoods of the community. The Traditional Residential designation will provide a livable neighborhood environment, preserve the small town and historic character of Coburg, ensure architectural compatibility, and provide for a variety of residential housing choices (including medium density housing in designated areas).

Policy 10: **Neighborhood Residential** – The Neighborhood Residential designation is intended to guide the development of new, livable neighborhoods located outside the historic and traditional core of Coburg. Development in the Neighborhood Residential designation will emulate the characteristics of Coburg’s traditional neighborhoods, continue the small town and historic character of Coburg, ensure architectural compatibility, ensure compatible transition between uses, and provide for a variety of residential housing choices (including medium density housing in designated areas).

Policy 11: **Central Business District** – The Central Business District designation is intended to establish the downtown area as the historic heart of Coburg. The Central Business District is the location for smaller scale commercial and business facilities, civic buildings and City functions.

⁴Source: Coburg Comp Plan FINAL revised 1-04.doc Coburg Comprehensive Plan

and mixed use. The Central Business District will be historic and pedestrian-oriented in character.

Policy 12: **Highway Commercial** – The Highway Commercial designation is intended to provide goods and services that primarily serve the traveling public. The C-2 Highway Commercial designation is intended to promote a high quality of life through a diverse economy and strong tax base, transition between higher and lower intensity uses, and appropriately scaled commercial uses that fit the small town, historic character of the community.

Policy 13: **Light Industrial** – The Light Industrial designations is intended to provide areas for manufacturing, assembly, packaging, wholesaling, related activities, and limited commercial uses that support local industry and are compatible with the surrounding commercial and residential districts. The Light Industrial designation is intended to promote a high quality of life through a diverse economy and strong tax base, transition between higher and lower intensity uses, and appropriately scaled non-polluting industrial uses that fit the small town, historic character of the community.

Additional discussion of urban/rural interface issues at the edge of the Urban Growth Boundary.

Policy 14: **Campus Industrial** – The Campus Industrial designation is to provide areas for research and development, manufacturing, assembly, packaging, wholesaling, related activities, and limited industrial-supportive commercial uses in an attractive, campus setting. The CI designation is intended to promote a high quality of life through a diverse economy and strong tax base, and appropriately scaled, non-polluting industrial uses that fit the small town, historic character of the community.

Include policy for interim use / control residential development into agricultural land.

Policy 15: **Park, Recreation and Open Space** – The designation is intended to preserve and protect park, recreation and open space lands that contribute to the general welfare and safety, full enjoyment or the economic well being of persons who reside, work or travel in, near or around them.

Include policy for southern greenbelt.

Policy 16: **Public Facility** – This designation is intended to provide lands for public facilities and uses such as water reservoirs, sewage treatment plants, pump stations, major electric utilities and similar uses.

[insert 1]

Policy 17: **Buffer Overlay** – This designation is intended to ensure transition and compatibility between industrial areas and non-industrial areas. It is

⁴Source: Coburg Comp Plan FINAL revised 1-04.doc Coburg Comprehensive Plan

applied in combination with a base Comprehensive Plan designation. The Buffer Overlay is intended to be the location for open space, pathways, drainage and water quality facilities, screening, landscaping, and other uses that provide a buffer. Buildings and other development allowed in the base designation are permitted if their placement, use, and/or design contributes to the transition and compatibility between adjacent uses.

Goal 3: Agricultural Lands

Coburg City Planner (March 15 Notes):

- ~~Even though forest lands are outside the area of influence discussion about IGA with county on protection of forest lands in Coburg Hills~~

LCDC Goal: "To preserve and maintain agriculture lands. Agriculture lands shall be preserved and maintained for farm use consistent with existing and future needs for agriculture products, forest and open space...."

Coburg Objective: To retain the agricultural use of land in those areas where Soil Conservation Service's Soil Suitability Classification indicates that it is the highest and best use.

Policy 1: Pre-existing agricultural activities may continue in accordance with the regulations for conditional uses in the Coburg Zoning Ordinance. ~~New agricultural activities as defined by State law will be permitted considered as conditional uses in any land use zone within City limits.~~ Pre-existing agricultural activities may continue in accordance with the regulations for non-conforming uses in of the Coburg Zoning Code Ordinance

Policy 2: To the extent to which it has jurisdiction, the City shall promote the retention of lands outside its Urban Growth Boundary for agriculture use by encouraging Lane County to maintain current agricultural zoning within the City's Area of Influence as shown on Map 6.

Policy 3: The City shall encourage Lane County to maintain agriculture use of lands located within the City's Urban Growth Boundary but outside the City limits through application of interim agriculture (/IA) zoning or other urban holding zone designation that ensures future use of this land for urban uses, densities, and transportation systems.

Policy 4: —Urban services will not be extended beyond the Urban Growth Boundary to encourage continued agriculture use of lands within the City's Area of Influence as shown on Map 6.

Policy 5: The City supports, and may require, measures to promote compatibility and transition between urban development at the edge of the Urban Growth Boundary and adjacent agricultural areas.

Policy 6: The City supports, and may adopt, measures that control and manage the use of land that is intended for future urban development but is yet to be annexed. Such measures may include, but are not limited to, intergovernmental agreements, notice and opportunity to comment on County land use actions, and coordinated planning with Lane County.

Policy 7: The City supports, and shall pursue, establishment of a southern greenbelt that ensures a permanent open character for the area between Coburg and the McKenzie River.

Policy 8: The City shall protect high quality farmland surrounding the community from premature development.

Goal 4: Forest Lands

LCDC Goal: "To conserve forest land for forest use."

Coburg Objective: To conserve ~~forest lands~~forest lands existing within the City and ~~Hsits~~Area of Influence as shown on Map 6.

Policy 1: To the extent that the City has jurisdiction, ~~forest lands~~forest lands will be created and protected for use as urban buffers, habitats, scenic corridors and recreational uses (Map 8).

Policy 2: The City shall require the replacement of trees removed or destroyed during new development and encourage the replacement of those trees destroyed or removed in the past, as per the provisions of the Coburg Zoning Code Ordinance.

Policy 3: The City shall encourage the use of tree plantings as the buffer between incompatible uses.

Goal 5: ~~_____~~ Open Spaces, Scenic and Historic Areas, and Natural Resources

Coburg City Planner (March 15 Notes):

~~- Need wetlands policies and goals, goal 5 safe harbor (City has a wetland inventory adopted by DSL, but no plan or zone designations or ordinances)~~

~~- Open space discussion from vision~~

Coburg Crossroad Community Vision:

~~- See attached Town Planning Principles, Section V.~~

LCDC Goal: "To conserve open space and protect natural and scenic resources."

Coburg Objective 1: To ~~encourage the retention~~protect, restore and enhance ~~e-of~~ open space, ~~the protection of~~ scenic and historic areas, and, ~~the to promotion~~promote of a healthy and visually attractive environment in harmony with the natural landscape.

Open Spaces

Policy 1: The City shall maintain and enhance parks and open spaces in the community.

Policy 2: Open space in the form of City parks shall be retained through application of provisions of the Coburg Zoning Ordinance.

Policy 3: Open space and landscaped areas such as parks and school grounds shall be connected where possible by a pedestrian/bicycle pathway system.

Policy 4: The City shall ~~encourage the protection of~~ protect the Oak Forest in the Coburg Hills and the Oak Savannah habitat east of the City.

Policy 5: The City shall maintain an open space separation between the City limits of Coburg and Eugene.

Scenic Resources

Policy 6: The City will seek intergovernmental agreements with Lane County and other jurisdictions to preserve the Coburg Hills as a scenic resource.

Policy 7: Important ~~public~~ vistas and views of the Coburg Hills, ~~agrarian~~ landscape and other significant visual features will continue to be preserved through careful design of building height, density, transition, building placement, street layout and other design elements.

~~The City shall preserve agrarian open space and view shed on the outskirts of the~~

⁴Source: ~~Coburg Comp Plan FINAL revised 1-04.doc~~ Coburg Comprehensive Plan

town:Historic Areas

Policy 9: The City shall encourage the continuation of the Coburg Heritage Committee in its efforts to provide research information to the City for conservation, preservation and rehabilitation of significant sites and structures as indicated in the Coburg Historic Resources Survey.

Policy 10: The City shall establish conditional use and site review criteria governing the alteration and demolition of sites and structures that

have been or may be identified as having historic significance and which are designated by the Coburg Historic Resource Inventory for protection. No site or structure shall be placed on the Coburg Historic Resource Inventory for protection without the express permission of the property owner, the subsequent validation of the City Council and the compliance with National Historic Register criteria.

Policy 11: The City shall encourage the preservation of sites and structures of historical significance through cooperation with the National Historic Preservation Society and other state and regional agencies.

Policy 12: Permit requests for the alteration or demolition of historically significant sites or structures shall be evaluated by the Planning Commission and granted only in cases which are in accordance with the six (6) standards and criteria listed below, and any additional terms or conditions required pursuant to the authority of the Coburg Zoning Ordinance.

1. Every reasonable effort shall be made to provide a compatible use for a property that requires minimal alteration of the building structure, or site and its environment, or to use a property for its originally intended purpose.

2. Distinguishing original qualities or character of a building, structure, or site and its environment shall not be destroyed. The removal or alteration of any historic material or distinctive architectural features should be avoided when possible.

3. All buildings, structures, and sitesites shall be recognized as products of their own time. Alterations which have no historical basis and which seek to create an earlier appearance shall be discouraged.

4. Changes which may have taken place in the course of time are evidence of the history and development of a building, structure or site and its environment. These changes may have acquired significance in their own right, and this significance shall be recognized and respected.

5. Distinctive stylistic features or examples of skilled craftsmanship which characterize a building, structure or site shall be treated with sensitivity.

6. Deteriorated architectural features shall be repaired rather than replaced whenever possible. In the event replacement is necessary, the new material should match the material being replaced in composition, design, color, texture and other visual

⁴Source: Coburg Comp Plan FINAL revised 1-04.doc Coburg Comprehensive Plan

qualities. Repair or replacement of missing architectural features should be based on accurate duplications of features, substantiated by historical, physical or pictorial evidence rather than on conjectural designs or the availability of different architectural elements from other buildings or structures.

Policy 13: The City shall maintain and enhance the historic vegetation in the community.

Natural Resources

Policy 14: Lands within natural drainage ways, Muddy Creek irrigation channels, farmland, and landscaped areas such as parks and school grounds will be preserved in an open character to the greatest extent possible through provisions of the Coburg Zoning Ordinance. This policy includes the retention of existing vegetation and natural banks for flood protection, wildlife habitat, water quality, open space and other benefits to the community along the Muddy Creek irrigation canals and other natural drainage ways.

Policy 15: The City shall encourage the retention of distinctive natural features and their incorporation into developments. One of the many distinctive natural features in the area is the line of centennial maple trees on Pearl, Willamette and Van Duyn Streets. The City shall take all reasonable measures to preserve these trees from the adverse impacts of development and street widening. These trees are identified in the Coburg Historic Resource Inventory.

Policy 16: Fish and wildlife habitats including rivers, wetlands, and forests shall be protected and conserved to the extent the City has jurisdiction.

Policy 16: Areas containing any other unique ecological, scenic, aesthetic, scientific or educational values shall be considered in the planning process.

Policy 17: Significant natural areas and habitats of rare or endangered species shall be retained in open space whenever possible and to the extent the City has jurisdiction.

Policy 18: Areas containing any other unique ecological, scenic, aesthetic, scientific or educational values shall be considered in the planning process.

Policy 19: The City's Wetland Map identifies areas of inventoried as wetlands. This map should be used to identify properties that may need a wetland permit from the Oregon Division of State Lands and the U.S. Army Corps of Engineers prior to development. The City shall consider additional code authority to enforce protection of wetlands.

⁴Source: Coburg Comp Plan FINAL revised 1-04.doc Coburg Comprehensive Plan

Policy 20: Lands classified as wetlands by the Oregon Division of State Lands or the U.S. Army Corps of Engineers shall be subject to site review approval by the City of Coburg. The purpose of the site review will be to determine the significance of the site and, if the resource is found to be significant, apply the statewide planning Goal #5 Economic, Social, Environmental and Energy Analysis.

Policy 21: The City shall protect, restore, manage, and enhance important natural resources; maintain high quality air, water, land and historic resources; and provide green spaces in and around the community.

Policy 22: The City shall protect or mitigate, whenever possible to the extent it has jurisdiction, fish and wildlife habitats including rivers, wetlands, and forests, and significant natural areas and habitats of rare or endangered species.

Other

~~Policy 2: The city will encourage Lane County to preserve the Coburg Hills as a scenic resource.~~

Policy 23: Urban appurtenances such as roadway and building signs, traffic signals, overhead wires and utility poles shall to the extent possible have an uncluttered appearance and should be kept subordinate to their urban, rural and natural setting.

Policy 24: Underground utilities shall be encouraged in all developments and shall be required in new subdivisions.

Policy 25: Developers shall be required to replace vegetation removed during construction to maintain and complement the rural atmosphere of the City.

Policy 26: The City shall encourage Lane County to protect access to the mineral and aggregate resources within the City's Area of Influence as shown on Map 6.

Policy 27: The City shall seek to ensure compatibility between the future needs of the community and growth of nearby sand and gravel operations.

Policy

~~Policy 3: Important vistas and views of~~ 28: Access to the Coburg Hills and other significant visual features will continue to Muddy Creek irrigation channels shall be be preservedensured through through the building height and density requirementsprovisions of the Zoning Ordinanceof the. Zoning Ordinance.

⁴Source: Coburg Comp Plan FINAL revised 1-04.doc Coburg Comprehensive Plan

Goal 6: Air, Water and Land Resource Quality

- ~~Policy 4: Open space and landscaped areas such as parks and school grounds shall be connected where possible by a pedestrian/bicycle pathway system.~~
- ~~Policy 5: The City shall encourage the continuation of the Coburg Heritage Committee in its efforts to provide research information to the City for conservation, preservation and rehabilitation of significant sites and structures as indicated in the Coburg Historic Resources Survey.~~
- ~~Policy 6: The City shall establish conditional use and site review criteria governing the alteration and demolition of sites and structures that have been or may be identified as having historic significance and which are designated by the Coburg Historic Resource Inventory for protection. No site or structure shall be placed on the Coburg Historic Resource Inventory for protection without the express permission of the property owner, the subsequent validation of the City council and the compliance with National Historic Register criteria.~~
- ~~Policy 7: The City shall encourage the preservation of sites and structures of historical significance through cooperation with the National Historic Preservation Society and other state and regional agencies.~~
- ~~Policy 98: The City shall encourage the retention of distinctive natural features and their incorporation into developments. One of the many distinctive natural features in the area is the line of centennial maple trees on Pearl, Willamette and Van Duyn Streets. The City shall take all reasonable measures to preserve these trees from the adverse impacts of development and street widening. These trees are identified in the Coburg Historic Resource Inventory.~~
- ~~Policy 109: Fish and wildlife habitats including rivers, wetlands, and forests shall be protected and conserved to the extent the City has jurisdiction.~~
- ~~Policy 1110: Significant natural areas and habitats of rare or endangered species shall be retained in open space whenever possible and to the extent the City has jurisdiction.~~

LCDC Goal: "To maintain and improve the quality of the air, water and land resources of the state."

Coburg Objective: To insure the continued quality of air, water and land resources within the City and its Area of Influence.

Policy 1: All future development shall be in accordance with the Department of Environmental Quality air quality maintenance plan and applicable primary and secondary standards of the Lane Regional Air Pollution Authority.

Policy 2: The City shall coordinate all major land use decisions with Department of Environmental Quality and Lane Regional Air Pollution Authority. The

⁴Source: Coburg Comp Plan FINAL revised 1-04.doc Coburg Comprehensive Plan

City shall consult with Lane Regional Air Pollution Authority prior to the approval of an industry that might affect the airshed of the Eugene-Springfield Metropolitan Area.

Policy 3: All waste and process discharges from development will not violate applicable state and federal environmental quality statutes, rules and standards.

Policy 4: Future development shall be accomplished in accordance with the Coburg Wastewater Facilities Plan.

Policy 5: The City shall control sources of noise, water and air pollution through amendment of its Nuisance Abatement Ordinance (No. A-108b)..

Policy 6: The City shall protect and enhance water quality through the development of ordinances and programs to address non-point source pollution in accordance with federal and state requirements.

~~Policy 1211: Areas containing any other unique ecological, scenic, aesthetic, scientific or educational values shall be considered in the planning process.~~

~~the rural atmosphere of the City.~~

Policy 7: The City shall evaluate new industry for its potential to contribute particulate to the Eugene-Springfield metropolitan airshed.

Policy 8: The City shall seek intergovernmental agreements to enhance air, water and land resources.

Policy 9: The City shall provide sanitary wastewater service and abandon existing septic systems as a way to lessen the impact on groundwater contamination within the City and exception areas immediately east of the City, outside the urban growth boundaries.

Policy 10: The City shall participate in the future Southern Willamette Valley Groundwater Management Area process with the Oregon Department of Environmental Quality to address ground water contamination issues in the area.

Policy 11: The City shall protect and preserve groundwater and drinking water by implementing policies contained the in Coburg’s Drinking Water Protection Plan, adopted by Resolution 97-7.

~~Policy 16:~~ ~~The City shall encourage Lane County to protect access to the mineral and aggregate resources within the City’s area of influence.~~

Policy 12: The City shall promote the natural infiltration of stormwater runoff by encouraging the retention of pervious surfaces in new development and re-development.

~~: Permit requests for the alteration or demolition of historically significant sites or structures shall be evaluated by the Planning Commission and granted only in cases which are in accordance with the six (6) standards and criteria adopted under the Historic element of the Coburg Comprehensive Plan, and any additional terms or conditions required pursuant to the authority of the Coburg Zoning Ordinance.~~

~~Policy 2120:~~ ~~While a property specific inventory of wetlands has not been produced for the City, the Potential Wetland Map identifies areas of predominant hydric soil, a primary indicator of the presence of wetlands. This map should be used to identify properties that may need a wetland permit from the Oregon Division of State Lands and the U.S. Army Corps of Engineers prior to development.~~

~~[Adopted A-131-D eff 08/18/92]~~

Policy 21: The City shall protect, restore, manage, and enhance important natural resources; maintain high quality air, water, land and historic resources; and provide green spaces in and around the community.

Proposed Policies

Policy 22: The City shall protect high quality farmland surrounding the community from premature development.

Policy 23: The City shall preserve agrarian open space and view shed on the outskirts of the town.

Policy 24: The City shall protect the Oak Forest in the Coburg Hills and the Oak Savannah habitat east of the city.

Policy 25: The City shall maintain an open space separation between the city limits of Coburg and Eugene.

Policy 26: The City shall protect the Coburg Hills view shed.

Policy 27: The City shall maintain and enhance the lush historic vegetation in the community.

⁴Source: Coburg Comp Plan FINAL revised 1-04.doc Coburg Comprehensive Plan

Policy 28: The City shall protect historic resources in the community.

Policy 29: The City shall protect and preserve groundwater and drinking water quality by implementing the Coburg Drinking Water Protection Plan

Policy 30: The City shall protect air quality in and around the community through regulation and incentives for businesses.

Policy 31: The City shall maintain and enhance parks and open spaces in the community.

Policy 32: The City shall seek to ensure compatibility between the future needs of the community and growth of nearby sand and gravel operations.

Policy 33: The City shall promote the natural infiltration of stormwater runoff by encouraging the retention of pervious surfaces in new development and re-development.

⁴Source: Coburg Comp Plan FINAL revised 1-04.doc Coburg Comprehensive Plan

Goal 7: Natural Hazards and Disasters

LCDC Goal: “To protect life and property from natural hazards and disasters.”

Coburg Objective: Govern development in areas identified as having inherent natural hazards in such a way as to protect life and property to the greatest extent possible.

Policy 1: Protect against natural hazards by building within the limits of the natural environment.

Policy 2: Grading and excavation shall, whenever possible, follow the natural configuration of the topography.

Policy 3: Development shall not exceed the level of use that can be accommodated without irreversible damage to or impairment of the natural resources or their quality.

Policy 4: Any development on lands designated as having inherent natural hazards such as high water table, soil slippage, etc., shall conform to all applicable regulations of the Uniform Building Code as adopted by Lane County.

Policy 5: The developer shall be responsible for correcting or eliminating hazards that result from new development such as, but not limited to, runoff from paving projects and soil slippage due to weak foundation soils.

Policy 6: The City shall continue to participate in the National Flood Insurance Program and shall require that all development within the 100 year flood hazard area (as identified by Flood Insurance Rate Maps and City plan map) shall be developed in accordance with all National Flood Insurance Program standards, applicable requirements of the Uniform Building Code as adopted by Lane County, and applicable requirements of City Ordinances.

Policy 7: The City shall develop Site Review criteria for development in areas identified as having inherent natural hazards to insure compliance with standards and regulations listed in Policy Policies 1-6 above.

Goal 8: Recreational Needs

LCDC Goal: To satisfy the recreation needs of citizens and visitors.

Coburg Objective: To guide City development so that homes and businesses are interspersed with attractive natural landscape and nearby parks in which persons of all ages may find a place for indoor and outdoor recreation.

Policy 1: The City shall use the State Comprehensive Recreational Plan and the Coburg Parks Master Plan as a guide in planning, acquiring and developing recreational resources and facilities.

Policy 2: The City shall continue to participate in and encourage the development of the Willamette Greenway.

Policy 3: The City shall ensure that the need for bikeways is considered in the formulation of highway plans.

Policy 4: To the extent that it has jurisdiction, the City will retain public access to recreational areas, state bikeways, and the Transportation Bicycle Pathway within the public domain.

Policy 5: The City will coordinate efforts with Lane County aimed at developing a system of greenways and/or bicycle-pedestrian pathways from the City to nearby regional recreation centers such as Armitage Park.

~~Policy 34: The City shall encourage the retention of existing vegetation and natural banks for flood protection, wildlife habitat, water quality, open space and other benefits to the community along the Muddy Creek irrigation canals and other natural drainage ways.~~

Policy 6: The City shall attempt to provide funding to carry out the adopted Coburg Parks Master Plan through application for of Community Block Development Grants, Special Project Funds and inclusion of the City's recreational needs into Coburg's Capital Improvement Program.

Policy 7: Developers of new subdivisions shall be required to provide for the recreational needs of their residents as defined in the City's Subdivision Ordinance.

~~Policy 35: The City shall protect or mitigate, whenever possible, fish and wildlife habitats including rivers, wetlands, and forests, and significant natural areas and habitats of rare or endangered species.~~

~~Policy 36: The Goal 6: Air, Water and Land Resource Quality~~

Policy 8: The availability of public buildings for the community school program and Community School Program and for community uses shall be encouraged and supported by the City of Coburg.

Coburg City Planner (March 15 Notes):

- Discussion on water resources: reference Coburg Drinking Water Protection Plan
- Southern Willamette Valley Groundwater study (DEQ)
- Air pollution: Lane Regional Air Pollution Authority
- Performance standards for air, water and land resource
- Sewer construction
- Water improvements

~~LCDC Goal: "To maintain and improve the quality of the air, water and land resources of the state."~~

~~Coburg Objective: To insure the continued quality of air, water and land resources within the City and its area of influence.~~

~~Policy 1: All future development shall be in accordance with the Department of Environmental Quality (DEQ) air quality maintenance plan and applicable primary and secondary standards of the Lane Regional Air Pollution Authority.~~

~~Policy 2: The City shall coordinate all major land use decisions with DEQ and LRAPA. The City shall consult with LRAPA prior to the approval of an industry that might affect the airshed of the Eugene-Springfield metropolitan Area.~~

~~Policy 3: All waste and process discharges from development will not violate applicable state and federal environmental quality statutes, rules and standards.~~

~~Policy 9: The City of Coburg will encourage the retention of the Coburg Community School Program and shall budget funds for the support of~~

Community School staff and projects, pursuant to the agreement with 4J.

Policy 10: The City shall consider neighborhood impacts when designating areas for outdoor recreational facilities and events.

Goal 9: Economy of the City

LCDC Goal: “To diversify and improve the economy....”

Coburg Objective: To guide community development in such a way that the local economy is improved while maintaining Coburg’s small town atmosphere.

General

Policy 1: The City will program the facilities and services necessary for an appropriate level of economic diversification, and will, with the help of the Lane Council of Governments, develop a Capital Improvements Program and Community Facilities Plan.

Policy 2: Lands for the expansion within the City, of business (commercial and industrial activities), will be provided to the extent necessary to meet local employment needs, to accommodate the identified regional needs, to provide an adequate tax base, and to support future population growth.

Commercial

Policy 3: Businesses compatible with maintaining a rural small business community, land suitable for a full range of retail, professional and service uses will be provided in the downtown area. Civic, social and cultural functions serving the community at large are also deemed appropriate in the downtown area.

Policy 4: A “Highway Commercial” District will be located adjacent to the I-5 interchange. The purpose of the Highway Commercial Plan designation is to provide goods and services that primarily serve the traveling public. Uses in this area will preserve the small town and historic character of Coburg, by having compatibility in architectural design and scale with the Central Business District and/or Residential designations. Development of the Highway Commercial District shall be considered secondary to the development of the downtown area, however.

Policy 5: Business and commercial uses will provide off-street parking and loading areas to accommodate associated vehicles as specified in the Coburg Zoning Ordinance.

Industrial

Policy 6: An adequate amount of level, buildable land which has good access to arterial streets shall be provided within existing city City limits to meet local and regional industrial needs.

Policy 7: A buffer, subject to conditions of the Coburg Zoning Ordinance, shall be

L:\Project\12300\12393\Comp Plan Deliverables\Deliverables 042904\Coburg Comp Plan 04.29.04.doc 23 otak

⁴Source: Coburg Comp Plan FINAL revised 1-04.doc Coburg Comprehensive Plan

required along the boundary of all industrial areas that abut a residential district or shall be used to act as a buffer between the two districts or conflicting uses. Setback requirements of the Coburg Zoning Ordinance shall also reflect buffering needs.

~~Goal 7: Natural Hazards and Disasters~~

Coburg City Planner (March 15 Notes):

- ~~- Strengthen flood plain ordinances~~
- ~~- Stormwater and drainage plan, policies on disposal~~

~~LCDC Goal: “To protect life and property from natural hazards and disasters.”~~

~~Coburg Objective: Govern development in areas identified as having inherent natural hazards in such a way as to protect life and property to the greatest extent possible.~~

~~Policy 1: Protect against natural hazards by building within the limits~~
~~Policy 8: Industrial uses shall be grouped together within well-designated industrial parks or subdivisions so as to promote:~~

- ~~• A pollution free environment;~~
- ~~• The highest aesthetic standards possible;~~
- ~~• Minimum impact on adjacent lands;~~
- ~~• Development within the constraints of the natural environment⁴~~;~~ ~~and~~~~

~~Policy 2: Grading and excavation shall, whenever possible, complement the natural configuration of the topography.~~

~~Policy 3: Development shall not exceed the level of use that can be accommodated without irreversible damage to or impairment of the natural resources or their quality.~~

~~Policy 4: Any development on lands designated as having inherent natural hazards such as high water table, soil slippage, etc., shall conform to all applicable regulations of the Uniform Building Code as adopted by Lane County.~~

~~Policy 5: The developer shall be responsible for correcting or eliminating hazards that result from new development such as, but not limited to, runoff from paving projects and soil slippage due to weak foundation soils.~~

~~Policy 6: The City shall continue to participate in the Federal Flood Insurance Program (FEMA) and shall require that all development within the 100-year flood hazard area (as identified by HUD and city plan map) shall be developed in accordance with all FEMA standards, applicable requirements of the Uniform Building Code~~

~~as adopted by Lane County and applicable requirements of city ordinances.~~

~~Policy 7: The City shall develop site review criteria for development in areas identified as having inherent natural hazards to insure compliance with standards and regulations listed in Policy 6 above.~~

~~Goal 8: Recreational Needs~~

Coburg City Planner (March 15 Notes):

- *Add policies to emerge from park master plan*

- Compliance with LCDC Goals and Guidelines.

Policy 9: Public facilities, including water, streets and fire and police protection, already exist which are capable of meeting the needs of expanded commercial and industrial development within the Urban Growth Boundary.

Jobs and the Economy

Policy 10: The City shall promote a diverse economy that continues to support a strong tax base for the community.

Policy 11: The City shall promote quality of life and compatibility of commercial and industrial uses with the small town, historic character of the community.

Policy 12: The City shall coordinate with state and regional economic development organizations to ensure the City's goal of economic diversity is considered in business recruitment strategies that affect Coburg.

Policy 13: The City shall foster a business environment and land use system that meet a variety of residents' needs for goods and services, to reduce daily travel to Eugene, while maintaining Coburg's small town character.

Policy 14: The City shall encourage environmentally friendly, low-polluting industries.

Policy 15: The City shall support existing businesses.

Policy 16: The City shall support efforts to create high-wage jobs in Coburg by the following:

⁴Source: Coburg Comp Plan FINAL revised 1-04.doc Coburg Comprehensive Plan

- a. Coordinate with other economic development organizations to develop a coherent and effective marketing program
- b. Develop incentives to retain and expand existing firms
- c. Maintain and enhance Coburg’s image as a community

Policy 17: The City shall diversify employment base by the following:

- a. Provide developable land necessary to accommodate economic growth

~~Provide developable land necessary to accommodate economic growth~~

~~LCDC Goal: To satisfy the recreation needs of citizens and visitors.~~

~~Coburg Objective: To guide city development so that homes and businesses are interspersed with attractive natural landscape and nearby parks in which persons of all ages may find a place for indoor and outdoor recreation.~~

~~through application for Community Block Development Grants, Special Project Funds and inclusion of the City’s recreational needs into Coburg’s Capital Improvement Program.~~

~~Policy 8: Developers of new subdivisions shall be required to provide for the recreational needs of their residents as defined in the Subdivision Ordinance.~~

- b. Research and develop policies that discourage big-box retail and strip commercial uses

Policy 18: The City shall coordinate economic development activities by the following:

- a. Develop City institutional strategy for a City economic development process.
- b. Coordinate with the School District.

Policy 19: The City shall support businesses in Coburg by the following:

- a. Sustain and enhance business skills and management training available in Coburg.
- b. Coordinate and support other organizations to sustain and expand workforce services available in Coburg.
- c. Improve information about and access to programs available through the Oregon Economic and Community Development

⁴~~Source: Coburg Comp Plan FINAL revised 1-04.doc~~ Coburg Comprehensive Plan

Department, Small Businesses Administration, and other state or local agencies

Downtown Coburg

Policy 20: The downtown area of Coburg should reflect the rural and historic character of the area. Businesses are encouraged to provide attractive building exteriors, signs, landscaping and parking lots that are in keeping with character of the downtown area. The downtown area is the heart of Coburg and essential businesses and City functions should be located in this area. The downtown area should invite citizens and other customers to use alternative modes of transportation, including walking and bicycling to patronize these businesses.

Policy 21: The Coburg Zoning Ordinance shall include standards that ensure development in the downtown reflects the rural and historic character of the area, and provides an attractive, pedestrian-oriented character for the downtown.

Policy 22: The City shall encourage a vital downtown area as a key strategy to maintaining the City's quality of life.

~~Policy 9:~~ To the extent feasible, the City shall continue to attempt to generate funds for the purchase of remaining segments of the former Southern Pacific Railroad right-of-way within the Urban Growth Boundary or at a minimum coordinate with Southern Pacific [for] use of the right-of-way as a pedestrian-bicycle pathway and other recreational uses.

Policy 23: The City shall encourage mixed-use in the Central Business District, and where appropriate, in adjacent areas.

~~Policy 10:~~ The availability of public buildings for the community school program and for community uses shall be encouraged and supported by the City of Coburg.

Policy 24: The City shall encourage small-scale downtown commercial uses that are pedestrian-friendly and compatible with the community's small town, historic character.

Policy 25: The City shall utilize design standards for commercial and industrial development uses.

~~[Adopted A-131-J eff. 10/09/99]~~

⁴Source: Coburg Comp Plan FINAL revised 1-04.doc Coburg Comprehensive Plan

Goal 9: Economy of the City**Coburg City Planner (March 15 Notes):**

~~Add policies from urbanization study~~

~~Add policies from community vision~~

Coburg Crossroad Community Vision:

~~See Town Planning Principles, Section III.~~

Coburg Downtown Plan:

~~Add a Downtown Section to this Goal.~~

~~Add a policy stating the Downtown Plan's Vision Statement: "The downtown area of Coburg should reflect the rural and historic character of the area. Businesses are encouraged to provide attractive building exteriors, signs, landscaping, and parking lots that are in keeping with the character of the downtown area. The downtown area is the heart of Coburg and essential businesses and city functions should be located in this area. The downtown area should invite citizens and other customers to use alternative modes of transportation, including walking and bicycling, to patronize these businesses." (Downtown Plan, page 19)~~

~~Add policies that enable the new standards proposed for the Central Business District (C-1), e.g. "The Coburg Development Code shall include standards that ensure development in the downtown reflects the rural and historic character of the area, and provides an attractive, pedestrian-oriented character for the downtown."~~

~~Make sure the TSP update process includes policies that are consistent with the downtown plan and updated C-1 district.~~

Urbanization Report:

~~Add policies that describe the City's economic development strategy. (UR, page 8-10)~~

~~Add a policy supporting mixed use. (UR, page 8-5 and 8-7)~~

~~Add a policy supporting design standards that ensure C-2 development results in attractive development that contributes to Coburg's unique character and provides for vital economic enterprises. (UR, page 8-7)~~

Policy 26: The City shall require screening, buffering and other measures to minimize visual nuisances and unsightly yards.

Goal 10: Housing

LCDC Goal: "To provide for the housing needs of the citizens of the State."

Coburg Objective: Promote a range of housing choices to meet the needs of existing and future residents.

Policy 1: While individual subsurface sewage disposals (septic tanks) are being used, residential development density will be limited to lots with a minimum of 10,000 square feet in accordance with the current Coburg Zoning Ordinance.

Policy 2: When a public wastewater sewer system is completed, the City shall encourage the utilization of existing lots to promote a more compact urban growth form.

Policy 3: A variety of residential development will be provided by:

- a. Permitting the development of housing types that include accessory dwellings on single-family lots, manufactured homes, elderly housing, co-housing, and residential care homes and facilities, as well as traditional single-family detached homes, multi-family developments (limited to duplexes, tri-plexes and four-plexes, single-family attached rowhouses, live/work units and residential units above commercial (mixed-use);
- b. Providing for as wide a variation in the cost and design of these dwelling units and their related facilities as housing market conditions will allow;
- c. Promoting retention of the natural variety inherent in the landscape by reasons of topography, natural vegetation and streets.

Policy 4: Multi-family residential areas will consist of no more than four dwelling units in any single structure.

Policy 5: Mobile homes as defined in State law will be permitted to locate within designated Mobile Home Planned Unit Developments which shall be no smaller than one acre and no larger than three acres in area.

Policy 6: Mobile homes as defined in State law that are used as permanent residences shall be required to meet the State of Oregon Mobile Home Standards.

Policy 7: Residential uses will be buffered by landscaping, earth berms or open space from other uses as defined in the Coburg Zoning Ordinance.

Policy 8: Off-street parking will be provided for each residential dwelling unit to

⁴Source: Coburg Comp Plan FINAL revised 1-04.doc Coburg Comprehensive Plan

allow streets to continue to be used for vehicular traffic as provided in the Coburg Zoning Ordinance.

Policy 9: The City shall require that subdivisions of properties must include provisions for paved streets, drainage and utilities through provisions of the Subdivision Ordinance.

Policy 10: ~~Where possible, I~~the nature of existing neighborhoods shall be preserved through rehabilitation or other appropriate methods.

Policy 11: The City shall promote conservation and rehabilitation of the existing supply of housing through code enforcement and encouraging utilization of available housing programs as listed in the Coburg’s Housing Action Program..

Policy 12: Property owners shall be ~~encouraged~~required to remove abandoned cars, appliances, junk and litter, ~~and shall be required to do so should they become a public nuisance~~ pursuant to provisions of the Nuisance Abatement Ordinance.

Policy 13: Underground utilities shall be required in all new subdivisions pursuant to provisions of the Coburg Subdivision Ordinance.

~~LCDC Goal: “To diversify and improve the economy....”~~

~~as identified in the Technical Report.~~

Policy 14: The City has adopted a Fair Housing Ordinance.

Policy 15: The City shall review housing data from each census. The Housing Element of this plan shall then be reviewed and revised to reflect the new data and any other new state, federal and/or county programs or information.

Policy 16: The Citizens Advisory Committee shall review housing needs and availability at least every two years to determine the adequacy of Coburg’s Housing Action Plan and shall then recommend any appropriate action to the City Council.

Policy 17: The City shall review the housing mix during each plan review and update cycle to ensure that Coburg’s housing mix is commensurate with its residents’ financial capabilities.

Policy 18: Pursuant to ORS Chapter 197, manufactured homes, as defined in ORS 446.003(25)(a)(C), shall be allowed within any residential zone in the City of Coburg, except those designated officially as a historic district or on land immediately adjacent to a historic landmark, provided that the manufactured home and the site on which it is to be located conform to the standards and requirements established in the Coburg Zoning

⁴Source: Coburg Comp Plan FINAL revised 1-04.doc Coburg Comprehensive Plan

Ordinance and other land use regulations as permitted by state law.

Policy 19: The City shall promote a range of housing choices to meet the needs of existing and future residents.

Policy 20: The City shall ensure that new housing is compatible with the small town, historic character of the community.

Policy 21: The City shall promote livability and community in existing and future neighborhoods.

Policy 22: The City shall promote the development of single-family housing that is affordable for families of elementary school children and compatible with the small town, historic character of the community in order to help retain an elementary school.

Policy 23: The City shall improve housing options for seniors, young adults, and people who work in the community by promoting a variety of multi-family housing types and levels of affordability that are compatible with the small town, historic character of the community.

Policy 24: The City shall encourage the preservation and incorporation of natural features and open space in new residential developments.

~~Policy 7: An evergreen hedge use to act as a buffer between the two districts or conflicting uses. Setback requirements of the Zoning Code shall also reflect buffering needs.~~

Policy 25: The City shall encourage the preservation of existing housing, particularly housing with historic value and features.

Policy 26: The City shall encourage the incorporation of energy and water efficiency standards in the existing housing stock.

Policy 27: The City shall encourage a compatible mix of housing types and services in residential areas.

Policy 28: The City shall encourage new housing to radiate out from the City center and discourage leapfrog development in order to promote connectivity and community interaction.

Policy 29: The City shall consider a range of tools to meet the housing needs of present and future residents, including (but not limited to) multiple residential zones, mixed-use zones, sufficient land to meet identified housing needs, appropriate minimum lot sizes, and accessory dwelling units.

~~Policy 30: The City shall adopt strategies to achieve the 75% single-family and 25% multifamily. This mix, along with a range of minimum densities will allow the City to meet an overall density of 7.0 dwelling units per net~~

⁴Source: Coburg Comp Plan FINAL revised 1-04.doc Coburg Comprehensive Plan

~~acre for new housing. The City shall adopt strategies to achieve a housing mix of single-family and multifamily dwellings. This mix, along with a range of minimum densities, will allow the City to meet an overall density of 6.5 dwelling units per net acre for new housing.~~

Policy 31: The City shall implement strategies to meet planned densities, while maintaining the City's unique character through encouraging design that fits with Coburg's existing neighborhoods.

~~Policy 14: The City shall encourage small-scale downtown commercial uses that are pedestrian-friendly and compatible with the community's small town, historic character.~~

Policy 32: New residential areas (outside the historic core) shall be developed as complete, walkable neighborhoods.

Policy 33: Neighborhoods are the organizing form for residential use in Coburg. The essential elements of neighborhoods in Coburg include:

- a. They are walkable by design.

~~Policy 16: The purpose of the Central Business Plan designation is to provide goods and services that primarily serve the local community.~~

- b. They are small in scale, typically no larger than ¼ mile from center to edge.

~~Policy 17: The purpose of the Highway Commercial Plan designation is to provide goods and services that primarily serve the traveling public.~~

- c. There is a logical and connected street and block pattern.
- d. There are planned transitions with adjacent uses.

~~Policy 19: Industrial uses shall, where possible, be grouped together within well-designed industrial parks or subdivisions so as to promote: a pollution free environment; the highest aesthetic standards possible; minimum impact on adjacent lands; development within the constraints of the natural environment; and compliance with LCDC Goals and Guidelines.~~

- e. Parks and open spaces are included.
- f. Street trees are included.
- g. Residential design reflects the unique character of Coburg and honors the rich history of architecture in the community.

Policy 34: The City shall work cooperatively with the Oregon Housing Authority.

⁴Source: Coburg Comp Plan FINAL revised 1-04.doc Coburg Comprehensive Plan

Goal 11: Public Facilities and Services

LCDC Goal: “To plan and develop a timely, orderly and efficient arrangement of public facilities and services to serve as a framework for urban and rural development.”

Coburg Objective: To provide the residents of Coburg the public facilities and services which make possible a safe, healthy and satisfying living environment.

General

Policy 1: The initial stages of all new development will include the installation at the developer’s expense, of water lines and wastewater facilities in compliance with the adopted Coburg Wastewater Facilities Plan, full streets, street trees, sidewalks and bicycle lanes or paths where required, street lights, and underground power and telephone lines.

Policy 2: All city City facilities including, but not limited to, extension and connection of water lines, and extension and dedication of streets must be completed and approved by the City prior to occupancy of the new development.

Policy 3: Water and wastewater service shall not be provided outside the urban growth boundary except to areas to be specified in the *Coburg Comprehensive Plan* that provides benefits to the City, such as: water service to Pioneer Valley Estates.

The City shall support efforts to create high wage jobs in Coburg by the following:

— Coordinate with other economic development organizations to develop a coherent and effective marketing program

— Develop incentives to retain and expand existing firms

Maintain and enhance Coburg’s image as a community
The City shall provide adequate infrastructure efficiently and fairly by the following:

— Provide transportation facilities adequate to serve land needed for the type of development described in this economic development plan

— Support efforts to address capacity limitations at the I-5 interchange

— Provide water, sewer, and stormwater drainage service adequate to serve land needed for development

Ensure that financing for infrastructure is adequate and fair

The City shall diversify employment base by the following:

— Provide developable land necessary to accommodate economic growth

Research and develop policies that discourage big-box retail and strip commercial uses

The City shall coordinate economic development activities by the following:

— Develop City institutional strategy for a City economic development process

⁴Source: Coburg Comp Plan FINAL revised 1-04.doc Coburg Comprehensive Plan

Coordinate with the School District

The City shall encourage mixed use in the Central Business District, and where appropriate, in adjacent areas.

Policy 5: In accordance with Statewide Planning Goals and Oregon Administrative Rules, water and wastewater facilities are allowed in the public right-of-way of public roads and highways.

Policy 6: The City shall require new development to cover their share of the cost of expansion of public facilities resulting from their development.

Water Facilities

Policy 7: The City of Coburg shall be the only water service provider within the City limits of Coburg.

Policy 8: Provide a municipal wastewater treatment and collection system to serve existing residents and businesses and to meet the needs for growth consistent with the community's vision.

Policy 9: The City shall construct water system improvements, in conformance with the Water Master Plan.

Policy 10: The City shall implement the recommendations contained in Coburg's Drinking Water Protection Plan.

Sanitary Wastewater Facilities

Policy 11: The City shall designate minimum and maximum development densities that are adequate to support the installation and maintenance of a community wastewater facility and that will ensure efficient use of land and public facilities.

Include aesthetic policy, that addresses cars, yards, and visual nuisances.

Policy 12: The City shall construct a wastewater facility, in conformance with the Wastewater Facility Plan.

Policy 13: The city shall plan to provide sanitary sewer wastewater service to properties within the City and within the City's Urban Growth Boundary.

Policy 14: The City shall work with the county, state and property owners to properly abandon septic systems as they are connected to a wastewater system.

⁴Source: Coburg Comp Plan FINAL revised 1-04.doc Coburg Comprehensive Plan

Solid Waste

Policy 15: The City shall coordinate with Lane County on solid waste disposal and potential recycling plan options with regards to the Lane County Solid Waste Plan as revised, updated and adopted.

SchoolsSchools

Policy 16: The City supports the preservation of an elementary school in the City of Coburg.

Policy 17: The City of Coburg shall encourage the retention and continued funding of the Coburg Elementary School program facility and joint funding of the associated Coburg Community School by School District 4J. The City of Coburg shall be committed to join Lane County School District 4J in its efforts to maintain the Coburg Elementary School enrollment.

Policy 18: The City shall support, not necessarily financially, activities conducted by the Coburg Community School that provide community-wide services to residents of Coburg. These activities may include, but are not limited to, publication and distribution of a city City newspaper, day care, and preschool, clothing exchange, services to senior citizens and community education and other programs for adults.

Community Protection

Policy 19: The Coburg Rural Fire Protection District shall continue to provide fire protection to Coburg residents.

Policy 20: The City or other authorized public agency shall continue to provide police protection to Coburg residents.

Other Services

Policy 21: The City will continue to be served by Pacific Power and Light and Northwest Natural Gas but shall accept the services of other available energy utilities should they be deemed appropriate by the City Council.

LCDC Goal: ~~To provide for~~ Policy 22: The City shall encourage the continuation and improvement of service by the United States Postal Service both by means of a local post office and rural route service to area residents.

Policy 23: The City shall continue to utilize and encourage the health services provided by Lane Council of Government's Area Council on Aging, Triad and Peacehealth's Hospitals, the Coburg Rural Fire District's emergency services, and the Coburg Senior Citizens' Group and Coburg Activities

L:\Project\12300\12393\Comp Plan Deliverables\Deliverables 042904\Coburg Comp Plan 04.29.04.doc 35 otak

⁴Source: Coburg Comp Plan FINAL revised 1-04.doc Coburg Comprehensive Plan

Group.

Policy 24: The City shall encourage day care facilities to operate in town.

~~To designate enough buildable land for residential use and to assist Coburg residents in the rehabilitation of existing housing stocks to insure adequate numbers of housing units at price ranges and rent levels to meet the needs of a city population of approximately 700 in the year 2000~~

Policy 25: The City shall provide and improve facilities for community services.

~~Policy 1: The Buildable Lands Inventory indicates 49 acres of vacant or underutilized residential property is currently available for development within existing city limits. An additional 96 acres of buildable land shall be designated for residential use within the Urban Growth Boundary.~~

Policy 26: The City shall encourage improved ~~improve~~ access to health services.

~~Policy 2: in them to assure the continued viability of individual subsurface sewage disposal (septic tanks).~~

Policy 27: The City shall improve stormwater drainage systems in general, preferably through natural systems where feasible and appropriate.

~~Policy 3: If conditions are met, the City shall encourage the utilization of existing lots to promote a more compact urban growth form.~~
Policy 28: The City shall consider the downtown area as the preferred location for all civic buildings. (e.g. City Hall, Library)

⁴Source: Coburg Comp Plan FINAL revised 1-04.doc Coburg Comprehensive Plan

Goal 12: Transportation

LCDC Goal: "To provide and encourage a safe, convenient and economical transportation system."

Policy 4: Variety of residential development will be provided by:

-1: Develop ~~a~~ ~~Permitting the development of housing types ranging from~~ ~~street network system that~~ evenly distributes traffic throughout ~~single-family to four-plex multi-family homes;~~ residential streets, and identifying a system of arterials for moving people, goods, and services safely and efficiently.

- 1.1 Arterials shall be safe, high volume traffic movers serving as a regional connector. Access to an arterial shall normally be from the collector road system. It shall be protected against strip development and access driveways that will restrict its effectiveness.
- 1.2 Collector streets shall serve traffic from local streets to the arterial system. Individual accesses, while more frequent than on arterials, shall be managed to minimize degradation of capacity and traffic safety.
- 1.3 A local street shall provide direct property access and access to collectors and minor arterials. Service to through-traffic movement shall be discouraged.
- 1.4 Design streets to efficiently and safely accommodate emergency service vehicles.

Policy 2: Take a long-range view in approving street patterns for new development.

- 2.1 All development proposals, plan amendments, or zone changes shall conform to the adopted Transportation System Plan.
- 2.2 Protect the function of existing and planned transportation systems as identified in the Transportation System Plan through application of appropriate land use regulations. When making a land use decision, the City shall consider the impact on the existing and planned transportation facilities.
- 2.3 Consider the potential to establish or maintain accessways, paths, or trails prior to the vacation of any public easement or right-of-way.
- 2.4 At the time of land development or land division, require the

dedication of additional street right-of-way in order to obtain adequate street widths in accordance with all street plans adopted by the City.

Policy 3: Improve the aesthetics of streets and streetscapes, especially at City entrance ways such as Interstate 5 interchange area. Aesthetic improvements may address: street design, trees, lighting, utility lines, sidewalks, park strips, noise abatement, etc.

- 3.1 Improve major through-fares with beautification and scenic amenities, coordinating with other agencies and jurisdictions as necessary.
- 3.2 Identify and improve City gateways and entranceways with beautification and scenic amenities, coordinating with other agencies and jurisdictions as necessary.

Policy 4: Continue to pursue improvements to the public transportation system (Lane Transit District) from Eugene to Coburg, to the industrial area and throughout the City (e.g., park-and-ride facilities, covered shelters).

- 4.1 Allow changes in the frequency of transit services that are consistent with the Transportation System Plan without land use review.
- 4.2 Design streets identified as future transit routes safely and efficiently to accommodate transit vehicles, thus encouraging the use of public transit as a transportation mode.
- 4.3 Pursue and develop Transportation Demand Management program and policies and strategies.
- 4.4 Ensure that developments along existing or planned high capacity transportation corridors are transit-oriented in use and design.

Policy 5: Establish a safe bicycle and pedestrian system that provides for connections and minimizes conflict to and from the local school and other significant activity areas, provides for connections between pocket parks, and provides a sidewalk plan in selected areas such as on Willamette and Pearl Streets.

- 5.1 Design streets to meet the needs of pedestrians and bicyclists. This may or may not include sidewalks or bicycle lanes.
- 5.2 Plan and develop a network of streets, accessways, and other improvements, including bikeways, sidewalks, and safe street crossings, that promote safe and convenient bicycle and pedestrian circulation within the community.

- 5.3 Connect bikeways and pedestrian accessways to local and regional travel routes.
- 5.4 Design and construct bikeways and pedestrian accessways to minimize potential conflicts between transportation modes. Design and construction of such facilities shall follow the guidelines established by the Oregon Bicycle and Pedestrian Plan.
- 5.5 Align and interconnect new streets to reduce travel distance, promote the use of alternative modes, efficiently provide utilities and emergency services, and evenly disperse traffic.
- 5.6 Provide street system connections to and from activity centers such as schools, commercial areas, parks, and employment centers.
- 5.7 Consideration shall be given to maintain reasonable access to existing businesses and residents in the construction and development of new facilities.

Policy 6: Protect the groundwater, storm run-off, and surface water when any road construction or improvements are made.

- 6.1 Where appropriate, utilize the street system and its infrastructure as an opportunity to convey and treat stormwater runoff.
- 6.2 Roadway construction projects, while being sensitive to the protection of groundwater, shall conform to regulatory requirements and standards.

Policy 7: Review and modify, if necessary, the existing alternative transportation route plan (e.g., for when special events and traffic accidents occur).

Policy 8: Develop standards for new development to address all of these goals.

- 8.1 In areas of new development, investigate the existing and future opportunities for bicycle and pedestrian accessways. Many existing accessways such as user trails established by school children distinguish areas of need and should be incorporated into the transportation system.
- 8.2 Design new streets to meet the needs of pedestrians and encourage walking as a transportation mode.
- 8.3 Make provisions for new industrial and commercial developments to be transit-friendly.

⁴Source: Coburg Comp Plan FINAL revised 1-04.doc Coburg Comprehensive Plan

Policy 9: Retain the historical flavor within the historic district and maintain the rural character of the town (e.g., street trees, old fashioned street lights, no sidewalks in new residential areas, narrow residential streets).

- 9.1 Local street layout shall encourage efficient lot layout and shall not create excessive travel lengths.
- 9.2 Consider traffic-calming devices as a buffer between diverse land uses when designing and laying out local streets.
- 9.3 Extend, provide connectivity to, and continue the grid pattern where appropriate in local street design and layout.
- 9.4 Plant ~~large~~ large scale, high canopy street trees shall be planted on ~~local~~ all streets to create attractive and healthy neighborhood environments. Minimize damage to street trees resulting from utility line placement and repair, and from new home construction.
- 9.5 A developer may install sidewalks in new residential areas if need can be shown.
- 9.6 Require the consistent use of parking area design standards, such as landscaping, placement, and lighting and other amenities.

Policy 10: Provide for the continued maintenance and improvements to existing streets.

- 10.1 Continue to make maintenance and repair of existing streets a priority.
- 10.2 The maintenance and repair of existing bikeways and pedestrian accessways (including sidewalks) shall be given the same priority as the maintenance and repair of motor vehicle facilities.

Policy 11: Improve drainage systems in general, preferably through natural systems where feasible and appropriate.

- 11.1 Street designs shall be responsive to topography and shall minimize impacts on natural resources such as streams, wetlands, and wildlife corridors.

Policy 12: Develop a speed control plan that establishes speed zones for bicycle and pedestrian destination areas and outlines a range of improvements for controlling speed (e.g., narrow street widths, speed humps, traffic circles).

- 12.1 Incorporate traffic-calming techniques to reduce speeds in areas

identified as destinations for bicyclists and pedestrians.

- 12.2 Encourage pedestrian and bicycle activity through street design standards that include features such as narrower neighborhood street pavement widths, walkable block lengths and perimeters, alleys for vehicle access, attractive street lighting, and landscaping.

Policy 13: Improve the Coburg-Interstate 5 Interchange safety and transportation operations.

- 13.1 The City shall adopt and coordinate with ODOT and Lane County to implement the ODOT Coburg-Interstate 5 Interchange Refinement Plan, which includes but is not limited to:
- A preferred interchange alternative,
 - An interchange area management plan,
 - A recommended TDM program that shall be fully implemented before and interchange reconstruction, and
 - An assumption that current City and County comprehensive land use designations at and near the interchange are constant for the next 20 years.

Policy 14: Whenever a bike route utilizes or parallels an existing or proposed road right-of-way, sufficient design provisions that insure the safety of the users will be incorporated in the construction of the facility as specified by Site Review Criteria as set forth in the Coburg Zoning Ordinance.

Policy 15: A public street should not be used to encourage development in an area where such development would constitute a threat to public health or welfare, or create excessive public expenditure.

Policy 16: Every developed property shall have direct access by street or deeded easement.

Policy 17: Public street right-of-way should continue to serve as the primary access to properties for transportation and public utilities.

Policy 18: All future dead-end streets should have turn-arounds adequate for emergency vehicles.

Policy 19: Off-street parking must be provided as part of all land development unless adequate on-street parking is available. Space devoted to off-street parking shall be limited through the establishment and use of parking ratio maximums and reduced minimum parking requirements, and the use of shared parking.

Policy 20: The City shall provide a balanced transportation system that meets the needs of and is compatible with pedestrians, bicyclists, cars, transit,

L:\Project\12300\12393\Comp Plan Deliverables\Deliverables 042904\Coburg Comp Plan 04.29.04.doc 41 otak

⁴Source: Coburg Comp Plan FINAL revised 1-04.doc Coburg Comprehensive Plan

trolley, and trucks.

Policy 21: The City shall coordinate with Lane Transit District to study the feasibility of a trolley/street car.

Policy 22: The City shall use transportation demand management, system improvements, and land use strategies to encourage people to walk, bicycle and bus to reduce increased traffic congestion within the community and to and from the community.

Policy 23: The City shall consider the transportation impacts of land use and development patterns planned within the community when amending and implementing the Coburg Comprehensive Plan and City Ordinances.

Water Facilities

~~Policy 3: The 24: Land use development decisions and street improvements within the City has developed and maintains a water supply and distribution system which assures a safe, potable supply of water which is adequate for future domestic, commercial, industrial, fire protection and emergency requirements.~~

Policy 24: Land use development decisions and street improvements within the city shall maintain separation between local traffic and through traffic.

~~Policy 4: The City of Coburg shall be the only water service provider within the city limits of Coburg.~~
Policy 25: The City shall require land use development and transportation improvements that encourage transit, bicycles, and pedestrian amenities in new commercial, public, mixed use, and multi-family residential development.

Policy 26: The City shall provide transportation system improvements that improve safety, encourage bicycling and walking, and provide convenient access to bus stops.

Policy 27: The City shall maintain street connectivity throughout the community and prohibit the development of gated communities.

Policy 28: The City shall maintain the shared street concept by preserving the pedestrian function of local streets.

Policy 29: The City shall cooperate with State and Lane County transportation agencies and Lane Transit District to mitigate impacts on the community and the state highway system from daily commuting to and from the community and to improve access to the Highway Industrial and Commercial area.

Sanitary Facilities

~~Policy 5: Community residential and commercial sewage disposal needs will continue to be met on an individual basis utilizing subsurface disposal systems (septic Tanks).~~

~~Policy 30: The City shall develop affordable and convenient transit and commuter service options to reduce single occupant automobile commutes.~~

~~Policy 31: The City shall maintain the unique character of the National Historic District by allowing flexibility in meeting street and parking standards in that district.~~

~~Policy 7: The City will encourage proper maintenance of subsurface sewage disposal systems by developing a city-wide public information program and septic maintenance program.~~

~~Policy 32: The City shall develop a safe bicycle and pedestrian system that provides for connections and minimizes conflict to and from the local school and other significant activity areas, provides for connections between pocket parks, and provides a sidewalk in selected areas, such as Industrial Way and Mill Street.~~

~~Policy 33: The City shall ensure that developments along high capacity transportation corridors are reasonably transit-oriented and compatible with the City's character.~~

~~Policy 34: In commercial and industrial areas, the City shall consider strategies that support limiting space devoted to off-street parking through the establishment of parking ratio maximums, reducing minimum parking requirements, providing credit for on-street parking, and encouraging shared parking whenever feasible. Also encourage parking lot design standards, such as landscaping, placement, lighting and other amenities.~~

~~Policy 35: In multi-family developments, the City shall consider strategies that support limiting space devoted to off-street parking by encouraging shared parking whenever feasible. The City shall also require parking lot design standards, such as landscaping, placement, lighting and other amenities.~~

~~Policy 36: The City shall encourage the continuation of the historic street pattern.~~

Solid Waste

~~Policy 89: The City shall coordinate with Lane County on solid waste disposal with regards to~~

⁴Source: Coburg Comp Plan FINAL revised 1-04.doc Coburg Comprehensive Plan

~~the Lane County Solid Waste Plan as revised, updated and adopted.~~

Public Schools

~~Policy 910: The City of Coburg shall encourage the retention and continued funding of the Coburg Elementary School program facility and joint funding of the associated Coburg Community School by School District 4J. The City of Coburg shall be committed to join Lane County School District 4J in its efforts to maintain the Coburg Elementary School enrollment.~~
Policy 37: Provide for the transportation needs of all Coburg residents compatible with county and state plans while promoting the greatest possible energy efficiency.

Policy 38: Develop and maintain a transportation system while improving transportation choice and environmental quality.

Policy 39: Provide a transportation system that is safe, convenient, accessible, environmentally responsible, efficient, responsive to community needs, and considerate of neighborhood impacts, particularly in the National Historic District.

Community Protection

~~[Adopted A-131-J eff 10/05/99, Adopted A-133-C eff 12/24/89]~~

Community Facilities and Services, Including Schools

~~Policy 18: The City shall provide and maintain a wide range of high quality public facilities and services in an efficient and environmentally responsible manner.~~

Policy 40: Develop and maintain a street network that is inter-connected.

Policy 41: Develop and maintain a street network that maintains a separation between local traffic and through traffic.

⁴~~Source: Coburg Comp Plan FINAL revised 1-04.doc~~ Coburg Comprehensive Plan

Goal 13: Energy Conservation

LCDC Goal: "To conserve energy.

Coburg Objective: To guide community development in such a way as to maximize the conservation of energy and to assist Coburg residents in reducing their consumption of energy through conservation measures and use of alternative energy sources.

Policy 1: The City shall consider the energy use implications in all land use decisions.

Policy 2: The City shall encourage the location of future medium density development and mixed use along high capacity transportation corridors.

Policy 3: The City shall encourage Coburg residents to utilize Pacific Power and Light's free home energy audit.

Policy 4: The City shall attempt to implement the targeted home weatherization goals of the Coburg Housing Action Plan.

Policy 5: The City shall encourage the continuance of recycling programs of the Coburg Community School and Lane County Solid Waste Management Department.

Policy 6: The City shall encourage the recycling and reuse of vacant land by allowing infill of vacant lots within the City limits when wastewater conditions are met.

Policy 7: The City shall encourage the enforcement by Lane County of the insulation requirements of the Uniform Building Code.

Policy 8: The City shall encourage design and site orientation to sun and wind.

Policy 9: In the remodeling or construction of public buildings, the City shall participate in all available Appropriate Technology Programs.

Policy 10: The City shall develop solar access criteria for inclusion in its Zoning and Subdivision Ordinances.

Policy 11: The City shall consider the development of a Planned Unit Development Subsection of the Zoning and Subdivision Ordinances to utilize the energy conservation consequences of clustered housing.

Goals 14: Urbanization

Policy 19: The City shall provide public facilities and services in a manner that encourages orderly and sequential growth.

LCDC Goal: “Establish a land use planning process and policy framework as a basis for all decisions and actions related to use of land and to assure an adequate factual base for such decisions and actions.”

“Provide for an orderly and efficient transition from rural to urban land use.”

Proposed Policies

Coburg Objective: To establish an Urban Growth Boundary with sufficient amounts of urbanizable land to accommodate projected City expansion needs while assuring the preservation of the City’s historic character.

Policy 20: Water and wastewater service shall not be provided outside the urban growth boundary except to areas to be specified in the Coburg Comprehensive Plan that provide benefits to the city, such as: water service to Pioneer Valley Estates.

Policy 21: In accordance with Statewide Planning Goals and administrative rules, urban water, wastewater and stormwater facilities may be located on agricultural land and urban water and wastewater facilities may be located on forest land outside the urban growth boundary when the facilities exclusively serve land within the urban growth boundary, pursuant to Oregon Administrative Rules (OAR) Chapter 660 Divisions 006 and 033. The construction of these facilities will require close coordination with and permitting by Lane County and possible amendments to the Lane County Rural Comprehensive Plan.

Policy 22: In accordance with Statewide Planning Goals and administrative rules, water and wastewater facilities are allowed in the public right-of-way of public roads and highways.

Policy 23: The City shall preserve an elementary school in the City of Coburg.

Policy 31: The City shall require new development to cover their share of the cost of expansion of public facilities resulting from their development.

Policy 32: The City shall improve drainage systems in general, preferably through natural systems where feasible and appropriate.

Policy 33: The City shall consider the downtown area as the preferred location for all civic buildings. (e.g. City Hall, Library)

Goal 12: ~~Transportation~~

~~Code Concepts Report Recommendation:~~

- ~~(Page 4, #5) — Ensure that developments along high capacity transportation corridors are transit-oriented.~~
- ~~(Page 4, # 3) — Develop policies that support limiting space devoted to off-street parking through the establishment of parking ratio maximums, reducing minimum parking requirements, providing credit for on-street parking, and encouraging shared parking whenever feasible. Also encourage parking lot design standards, such as landscaping, placement, lighting and other amenities.~~
- ~~(Page 4, # 3) — Promote street design standards that encourage narrower neighborhood streets, walkable neighborhoods, alleys, separated sidewalks, etc~~
- ~~(Page 4, #2) — Develop policies that support limiting space devoted to off-street parking through the establishment of parking ratio maximums, reducing minimum parking requirements, providing credit for on-street parking, and encouraging shared parking whenever feasible. Also encourage parking lot design standards, such as landscaping, placement, lighting and other amenities~~

~~Coburg City Planner (March 15 Notes):~~

- ~~These policies include the 1999 TSP policies~~
- ~~To be updated with TSP update~~
- ~~Some discussion in vision~~

~~Coburg Crossroad Community Vision:~~

- ~~See Town Planning Principles, Section IV.~~

~~Coburg Downtown Plan:~~

- ~~Comment: The Downtown Plan was prepared as part of the 1999 Transportation System Plan.~~

~~Urbanization Report:~~

- ~~Add a policy stating the City's position that the UGB will not be expanded east of Interstate 5 until adequate infrastructure is available, including upgrade of the interchange. (UR, Page 8-9)~~

Coburg Objective: Promote land use and development patterns that sustain and improve quality of life, are compatible with mass transit, maintain the community's identity, protect significant natural and historic resources, and meet the needs of existing and future residents for housing, employment, and parks and open spaces.

General

Policy 1: The City shall preserve urbanizable land and provide for orderly, efficient development by controlling densities through provision of the Zoning and Subdivision Ordinances, thereby preventing the need for overly extensive public services and restricting urbanization to that commensurate with the carrying capacity of the land.

Policy 2: The City shall coordinate land use decisions with Lane County, through provisions of the Joint Agreement for Planning Coordination, and with other state and federal agencies as appropriate.

Policy 3: All City land use decisions shall be in compliance with Land Conservation Development Commission Goals and Guidelines.

⁴Source: Coburg Comp Plan FINAL revised 1-04.doc Coburg Comprehensive Plan

Policy 4: City service shall not be extended outside of the City limits. Those people who are living outside the City limits and are connected to the City's water system as of November 15, 1989 shall be "grandfathered" into the program.

Policy 5: The Urban Growth Boundary shall not be expanded unless findings of fact establish that the proposed expansion is in compliance with all 7 factors of Land Conservation Development Commission Goal 14.

Policy 6: The City shall not annex lands outside its adopted Urban Growth Boundary without first expanding its Urban Growth Boundary to include the proposed annexation.

Policy 7: The City shall, if appropriate, establish standards in addition to those enumerated in Policy 5 above for changing the Urban Growth Boundary.

- Policy 8: The Citizens Advisory Committee and the City Council shall be responsible for reviewing, updating and amending the Comprehensive Plan. The Comprehensive Plan shall be reviewed every two (2) years and updated every four (4) years.
- Core team believes CAC is indeed the Planning Commission, as defined in the City's acknowledged Citizen Involvement Plan.
- Policy 9: Amendments to the Comprehensive Plan proposed by city City residents shall be reviewed by the Citizens Advisory Committee who shall recommend appropriate action to the City Council.
- Policy 10: The City shall encourage Lane County to retain the current agricultural zoning of lands outside the City's Urban Growth Boundary but within its Area of Influence as shown on Map 6 to prevent continuous urbanization of lands between Coburg and Eugene-Springfield.
- Policy 11: The City shall define its Area of Influence as that area delineated in Map 6.
- Policy 12: New development will be required to meet City and county road standards and have approval of subsurface water and septic drainage systems or other disposal means in keeping with the adopted Coburg Wastewater Facilities Plan.
- Policy 13: Redevelopment programs will be encouraged to eliminate substandard areas in both residential and commercial districts and to prevent premature obsolescence through rehabilitation and Uniform Building Code enforcement.
- Policy 14: All Comprehensive Plan documents, maps and related ordinances shall be kept in City Hall and shall be available for inspection by the public upon request during normal business hours.
- Policy 15: The City shall encourage the integration of adjacent land uses and zoning districts through density transitioning, mid-block zoning lines, area-specific building height limits, and blending of compatible uses as appropriate.
- Policy 16: The City shall maintain the City's unique character by designing new and infill development that is compatible with Coburg's existing neighborhoods and sewage disposal requirements.
- Policy 17: The City shall promote the efficient use of land within the Urban Growth Boundary and sequential development that expands in an orderly way outward from the existing City center.
- Policy 18: The City shall provide a sufficient supply of developable land within the

urban growth boundary to meet the needs of the existing and projected population for residential, commercial, industrial, and recreational uses over the next 20 – 50 years, while preserving the small town character of the community.

Policy 19: The City shall accommodate projected growth,; expand the Urban Growth Boundary in a manner that balances the need to protect high quality farm and forest resource lands with the residential needs of the existing and future population and with efficient public facility and service delivery.

Policy 20: Future residential and commercial development shall be constructed in a manner that preserves the small town, historic character of the community.

Policy 21: The City shall work with Lane County to obtain agreement on measures, such as co-adoption of a Coburg/Lane County Plan Boundary, that apply Coburg Comprehensive Plan policies in the area south of the City to the McKenzie River, in the Coburg Hills outside the City’s Urban Growth Boundary, and north of the City to Pioneer Valley Estates subdivision, and west in the Coburg Bottom Loop Road area.

Policy 22: The City shall work with Lane County and other jurisdictions to obtain agreement for the City of Coburg to influence land development patterns to the north and southeast of the City.

Policy 23: The City shall work with the City of Eugene to enter into an intergovernmental agreement that specifies that the City of Eugene will not extend its urban growth boundary past the McKenzie River and request that this be included as the policy in the Eugene-Springfield Metropolitan Area General Plan.

Policy 24: The City shall encourage redevelopment in residential and commercial areas to encourage investment in the community and compatibility with existing historic character.

Residential Land Use

~~Policy 25: The City shall encourage the utilization of existing vacant lots to promote a more compact urban growth form.~~

~~Policy 26: Where possible, the nature of existing neighborhoods shall be preserved through rehabilitation or other appropriate methods.~~

Policy 25: The City shall encourage the utilization of existing vacant lots to promote a more compact urban growth form.

Policy 26: The nature of existing neighborhoods shall be preserved through rehabilitation or other appropriate methods.

⁴Source: Coburg Comp Plan FINAL revised 1-04.doc *Coburg Comprehensive Plan*

Policy 27: The City shall promote the achievement of desired minimum densities and efficient land use through infill development that includes options such as duplexes and triplexes on corner lots, mid-block developments (lots fronting a public or private lane), and flag lots. The City shall allow variations in building setbacks and lot dimensions as needed to encourage development of lots that would otherwise be undevelopable, without requiring a variance process.

Policy 28: The City shall encourage the compatible integration of different land uses such as single- and multi-family dwellings, parks, and mixed use residential/commercial buildings through the development and use of design standards.

Policy 29: The City shall develop design policies to create Design Themes for the Comprehensive Plan and create a Design Review Group.

LCDC Goal: “To provide and encourage a safe, convenient and economical transportation system.”

Coburg Objective: To provide for the transportation needs of all Coburg residents compatible with county and state plans and promoting the greatest possible energy efficiency.

Commercial and Industrial Land Use

Policy 30: To preserve the rural residential atmosphere of the City, commercial and industrial development shall be controlled through adopted site reviewSite Review criteria.

Policy 31: The City shall develop design policies to create Design Themes for the Comprehensive Plan and create a Design Review Group.

~~Policy 1: Develop a street network system that evenly distributes traffic throughout the community, lessening traffic impacts on residential streets, and identifying a system of arterials for moving people, goods, and services safely and efficiently.~~

~~1.1 Arterials shall be safe, high volume traffic movers serving as a regional connector. Access to an arterial shall normally be from the collector road system. It shall be protected against strip development and access driveways that will restrict its effectiveness.~~

~~Policy 5: Establish a safe bicycle and pedestrian system that provides for connections and minimizes conflict to and from the local school and other significant activity areas; provides for connections between pocket parks, and provides a sidewalk plan in selected areas such as on Willamette and Pearl Streets.~~

~~8.1 Design streets to meet the needs of pedestrians and bicyclists. This may or may not include sidewalks or bicycle lanes.~~

⁴Source: Coburg Comp Plan FINAL revised 1-04.doc Coburg Comprehensive Plan

~~8.2 Plan and develop a network of streets, accessways, and other improvements, including bikeways, sidewalks, and safe street crossings, that promote safe and convenient bicycle and pedestrian circulation within the community.~~

~~13.1 Connect bikeways and pedestrian accessways to local and regional travel routes.~~

~~Design and construct bikeways and pedestrian accessways to minimize potential conflicts between transportation modes. Design and construction of such facilities shall follow the guidelines established by the Oregon Bicycle and Pedestrian Plan.~~

~~Align and interconnect new streets to reduce travel distance, promote the use of alternative modes, efficiently provide utilities and emergency services, and evenly disperse traffic.~~

~~Provide street system connections to and from activity centers such as schools, commercial areas, parks, and employment centers.~~

~~Consideration shall be given to maintain reasonable access to existing businesses and residents in the construction and development of new facilities.~~

~~Policy 6: Protect the groundwater, storm run off, and surface water when any road construction or improvements are made.~~

~~Where appropriate, utilize the street system and its infrastructure as an opportunity to convey and treat stormwater runoff.~~

~~Roadway construction projects, while being sensitive to the protection of groundwater, shall conform to regulatory requirements and standards.~~

~~Policy 7: Review and modify, if necessary, the existing alternative transportation route plan (e.g., for when special events and traffic accidents occur).~~

~~Policy 8: Develop standards for new development to address all of these goals.~~

~~3.1 In areas of new development, investigate the existing and future opportunities for bicycle and pedestrian accessways. Many existing accessways such as user trails established by school children distinguish areas of need and should be incorporated into the transportation system.~~

~~4.1 Design new streets to meet the needs of pedestrians and encourage walking as a transportation mode.~~

~~4.2 Make provisions for new industrial and commercial developments to be transit-~~

⁴~~Source: Coburg Comp Plan FINAL revised 1-04.doc~~ *Coburg Comprehensive Plan*

friendly.

- Policy 32: Commercial enterprises which allow permanent residences shall not be allowed to have a residential density greater than that allowed in the residential district.
- Policy 33: Commercial activities in residential districts shall be limited to those home activities allowed in the Coburg Zoning Ordinance.
- Policy 34: Commercial and industrial developments shall comply with all applicable federal, state and local standards governing preservation of air, water and land resource quality.
- Policy 35: Commercial and industrial properties shall have adequate sewage disposal systems as determined by Department of Environmental Quality and other applicable federal, state and local agencies.
- Policy 36: Commercial and industrial developments shall provide adequate buffering from abutting residential uses in compliance with provisions of the Coburg Zoning Ordinance.
- Policy 37: All commercial and industrial facilities shall provide off-street parking on their sites or within 200 feet of their location pursuant to provisions of the Coburg Zoning Ordinance.
- Policy 38: To preserve the rural character of the City, only light and campus industrial uses as defined in the Coburg Zoning Ordinance shall be allowed.
- Policy 39: The City shall encourage the incorporation of limited mixed-use commercial/residential development in commercial zoning districts by providing incentives such as density bonuses. Limit commercial development in industrial zones to those small-scale retail and service uses that serve the industrial area employees and customers but not the community-wide or region-wide market.

Land Use and Development Patterns

- Policy 40: The City shall promote land use and development patterns that sustain and improve quality of life, are compatible with mass transit, maintain the community's identity, protect significant natural and historic resources, and meet the needs of existing and future residents for housing, employment, and parks and open spaces.
- Policy 13: The City shall promote the efficient use of land within the urban growth boundary and sequential development that expands in an orderly way outward from the existing city center. Policy 41: The City shall maintain

a viable downtown through plan designations and zoning in a manner that provides opportunities for development of the town center with a compatible mix of housing and businesses.

Policy 14: The City shall provide a sufficient supply of developable land within the urban growth boundary to meet the needs of the existing and projected population for residential, commercial, industrial, and recreational uses over the next 20 years, while preserving the small town character of the community. Policy 42: Future residential and commercial development shall be constructed in a manner that preserves the small town, historic character of the community.

Policy 15: The City shall accommodate projected growth and manage the urban growth boundary in a manner that balances the need to protect high quality farm and forest resource lands with the residential needs of the existing and future population and with efficient public facility and service delivery. Policy 43: The City shall maintain and improve a buffer, which may include use transitions between the highway industrial and commercial uses and the remainder of the town. The buffer shall provide both visual and air quality benefits.

Policy 44: The City shall preserve a permanent buffer, allowing resource use, in the area two miles north of the McKenzie River to the southern edge of Coburg's urban growth boundary in order to provide open space between the McKenzie River and the southern edge of the urban growth boundary Urban Growth Boundary and to maintain a separation between the Cities of Coburg and Eugene.

Policy 45: The City shall work with Lane County to obtain agreement on measures, such as co-adoption of a Coburg/Lane County Plan Boundary, that apply Coburg Comprehensive Plan policies in the area south of the city to the McKenzie River, in the Coburg Hills outside the City's urban growth boundary, and north of the city to Pioneer Valley Estates subdivision, and west in the Coburg Bottom Loop Road area.

Policy 45: The City shall encourage redevelopment in residential and commercial areas to encourage investment in the community and compatibility with existing historic character.

Policy 46: The City should develop a system of Urban Reserve Areas. To allow planning for areas outside urban growth boundaries for eventual inclusion in an Urban Growth Boundary and to protect such lands from

⁴Source: Coburg Comp Plan FINAL revised 1-04.doc Coburg Comprehensive Plan

patterns of development that would impede urbanization.

- Policy 47: The City shall work with the City of Eugene to enter into an intergovernmental agreement that specifies that the City of Eugene will not extend its urban growth boundary past the McKenzie River and request that this be included as a policy in the Eugene-Springfield Metropolitan Area General Plan.
- Policy 48: The City shall encourage redevelopment in residential and commercial areas to encourage investment in the community and compatibility with existing historic character.
- Policy 49: The City should develop a system of Urban Reserve Areas. To allow planning for areas outside urban growth boundaries for eventual inclusion in an urban growth boundary and to protect such lands from patterns of development that would impede urbanization.
- Policy 50: The City shall develop strategies for infill development in residential areas. Infill techniques include design standards, duplexes and triplexes in selected areas, variations in building setbacks, mid-block developments (lots fronting a private or public mid-block lane), etc.
- Policy 51: The City shall encourage the incorporation of limited commercial development through the use of density bonuses for mixed-use commercial/residential buildings in certain areas
- Policy 52: The City shall discourage neighborhood commercial development (within residential zone)
