# WORKSHOP

## Coburg Parks & Open Space Community Workshop

The City is hosting a public workshop for the Coburg Parks and Open Space Master Plan update, and we are looking for YOU to share your thoughts about the future of Coburg's parks. In this two-hour long workshop you will learn about the state of parks and open space in Coburg and have the opportunity to meet your neighbors, express your opinions, and actively engage in the planning process.

---

*Questions? Contact Dana Nichols at*
