

Coburg Transportation System Plan Update

Open House

Join Us.

The **City of Coburg** is studying the current **transportation system** to determine how we can serve our long-term (20-year) needs. The result of this study will be a Transportation System Plan (TSP) Update that considers all transportation modes including pedestrians, bicyclists, freight, and transit, and cars.

Learn more about the project at www.coburgtsp.org. You can review information about our current transportation system, issue areas, and potential solutions. You'll also get to review design standards for future roads and paths.

Your input is important to the success of this project. Please join us!

OPEN HOUSE

THURSDAY, DECEMBER 6, 2012, 4:30 – 6PM

Coburg Fire District Building

91232 COBURG ROAD NORTH, COBURG, OR 97408
