**Message from Mayor Ray Smith**

After reviewing agendas, projects and other circumstances with City Administrator Anne Heath, I have determined that in the interest of community safety, all public meetings scheduled for the rest of the month of March are hereby cancelled.

This is for meetings that require public notice for a decision-making body to meet at city hall.

Other meetings at city hall will be able to occur on an as-needed basis with heightened awareness of the Covid 19 Pandemic.

A review of the pandemic and the needs of the city will be done by April 1 to determine if further action is required for the month of April. But for now, we are planning to return to normal operations in April. Notifications will be made if we need to change those plans.

If you have any questions, please do not hesitate to contact me or city hall.

Ray Smith
